HOME VENTILATOR FURNACE

The Original Patented Pipeless Model

No need to spend a lot of money on coal either. This furnace burns about HALF the usual amount—cheapest grades can be burned. The arrows show how the warm air rises, then cools and returns to be heated again—perfect ventilation, the big secret of heat.

Come in and we'll show you what this furnace will do—7,000 in use now—more than all other furnaces of this type put together.
